People Places Possibilities

01 — IDENTITY

Logo System

A clean, modern and confident mark for a global logistics brand. The forward-pointing triangle signals movement, direction and progress.

02 — COLOR

Color Palette

A focused, confident palette designed for clarity and impact. Royal Blue and White carry the brand everywhere.

03 — TYPOGRAPHY

Typography

Inter is the typeface across all touchpoints — clean, modern and highly legible. Cairo carries Arabic with matching clarity.

04 — VISUAL LANGUAGE

Core Shapes & Meaning

The visual language is built from simple shapes — inspired by movement, navigation and global connectivity. Each carries a meaning.

05 — PATTERNS

Brand Patterns

Two signature patterns extend the identity across packaging, environments and digital surfaces.

06 — COMPONENTS

Component Library

Catalogued directly from the live shipment wizards. Product UI runs on Manrope with an interface blue of #0050D4, Material Symbols icons, 12px input radii and a #E9EDF2 border system. Each element below is tagged with its status.

07 — APPLICATIONS

Brand in the World

Bringing the identity to life across real-world logistics touchpoints — from packaging to fleet.

08 — VOICE

Voice & Taglines

Confident, warm and forward-looking. We speak plainly and we deliver on the promise of possibility.

Moving possibilities for a brighter tomorrow.
